Revoflow[™]**

Perfect washing,
time after time

Suma[®] Revoflow[™]

Improved washing. Outstanding results.

We know you want excellent results each and every time you wash. So we've used our in-depth knowledge to create Revoflow[™]—a unique system that enhances the dishwashing experience, doing away with virtually all the hazards and inefficiencies of traditional dishwashing systems.

We understand your business and know just how important safety, cleanliness and cost efficiency are to you. Gain a more efficient work place with Revoflow[™] automated precision dosing with no spillage, compact off-the-floor design, and reduced need for detailed staff training.

The real beauty of Revoflow[™] is its innovative cap design. Color coded to ensure the right chemical is consistently in the right place, it's designed for precision dosing and dispensing of liquids and powders, so there's no waste and no need to rewash. Plus, every time a new container is fitted, its dosing accuracy is refreshed, providing outstanding results every time it's used.

Combine Revoflow[™] with Diversey's newly formulated Suma[®] detergents, customized to your specific needs, and you can be sure of perfect dishwashing, time after time.

Safe in the workplace

- Ergonomic, lightweight packaging provides safe, easy handling
- Innovative cap lock system prevents product contact, spilling or accidental mixing
- Compact, wall-mounted design moves chemicals off the floor giving you a clean and tidy workspace that is free from slip and fall hazards

Simple to use

- Our 2 to 3 component 'plug and play' modular system, clear color coding and product identification, together with pre-programmed automatic dosing, means fewer errors and reliable, consistent cleaning
- Intuitive, LED problem solving indicators reduce the need for detailed training and optimize operating time as staff can quickly identify and trouble shoot errors with the washing system

Efficient use of resources

- The unique Revoflow™ cap design combined with the modular offering ensures accurate dosing and dispensing of powders and liquids, resulting in exactly the right mix of chemicals for your washing
- Super high product concentrates, and reduced and recyclable packaging minimize environmental impact
- Newly formulated Suma® detergents provide outstanding results each and every time, eliminating the need for rewashing

The well-being of people everywhere depends on a sustainable world. Sealed Air's Diversey Care Division offers solutions for infection prevention, kitchen hygiene, fabric care, building care and consulting. Our solutions protect brands, deliver efficiency, improve performance for our partners in health care, food service, retail, hospitality and facility services. Our leading expertise integrates product systems, equipment, tools and services into innovative solutions that reduce water and energy usage and increase productivity. By delivering superior results, we help create profitable sustainable enterprises for a cleaner, healthier future.
