

CLAX[®] Revoflow Clor

42X1

Concentrated Chlorine Bleach

Description

Clax[®] Revoflow Clor 42X1 is a highly concentrated chlorine bleach for fabric washing.

Features

Clax[®] Revoflow Clor 42X1 is a highly concentrated powder chlorine bleach. This product is ideal to reach high bleaching performance at medium to low temperatures. The product is intended to be used with the other Clax[®] Revoflow products in cases of special problems arising with bleach performance.

Benefits

- Low to medium temperature bleach effect
- Highly concentrated minimizing the impact on the environment
- Can be dosed through the Clax[®] Revoflow system

Application areas

- Healthcare
- Lodging
- Government

CLAX[®]

Revoflow Clor

42X1

Directions for use

For autodosing only in the Revoflow system. Laundry product for professional use only. Use the Clax[®] Revoflow system to dose the product into the washing machine. Dosage level is about 0.5-1g/kg linen depending on the necessary bleach level and temperature of washing liquor. The product should be dosed in the main wash section, NOT in the prewash. Do not use at temperatures above 60°C.

Rinse with potable water at the end of the laundering process.
