suma®

Kitchen Hygiene

D4

Sanitiser

Description

Suma® Kitchen Hygiene D4 is a concentrated sanitiser for use on all hard surfaces including food contact surfaces in food premises. Suma® Kitchen Hygiene D4 is also suitable for laundry sanitising.

Features

Suma® Kitchen Hygiene D4 is a concentrated liquid sanitiser. The optimal blend of quaternary ammonium chloride and wetting agents in Suma® Kitchen Hygiene D4 makes it very effective as a sanitiser against a wide spectrum of micro-organisms, in all water conditions. For dosing accuracy fit the Suma® Kitchen Hygiene D4 2L bottle with the specially designed 20ml dosing cap.

Benefits

- Effective against a wide spectrum of micro-organisms, helping to improve hygiene security.
- Effective in all water conditions.
- Safe for use on all surfaces including aluminium.
- Concentrated formula provides economy in use and reduces packaging waste.
- Suitable for laundry sanitising where required temperatures are unable to be reached.

Application areas

- Food Service
- Hospitality
- Lodging
- Education

Directions for use

To dose using dosing cap:

1. Remove standard cap.
2. Screw on dosing cap until properly located.
3. Open hinged cap.
4. Turn bottle upside down. Wait 5 seconds for dosing cap to fill.
5. Turn bottle upright.
6. Dose by turning bottle upright into a suitable container. 1 measure per 20L.

No Rinse Surface Sanitising: For soiled areas, always pre-clean with a Diversey detergent and rinse with water.

1. Apply diluted product to surfaces with clean cloth, brush or mop.
2. For soak sanitising leave for 3 minutes. For surface sanitising leave for 60 seconds.
3. Drain or wipe over surface and allow to air dry. Direct contact with prescribed goods must be prevented and treated surfaces adequately drained before processing operations resume.

Laundry Sanitising: Dose Suma® Kitchen Hygiene D4 into the final rinse cycle of the washing machine. Please consult your Diversey representative for further application advice.
