

## Professional upright vacuum cleaner

### Key features

- Power and efficiency
- Versatility
- Improved air quality
- Easy and ergonomic transportation
- Power and efficiency

The dual motor system of TASKI jet 50 provide an excellent air flow, while the high-speed brushes mechanically remove dirt within the fibers of the carpet. This system delivers a superior cleaning result and enhances the appearance of the carpet. The machine is lightweight and easily maneuverable, which allows for a productive and ergonomic cleaning operation.

### Versatility

The TASKI jet 50 can be used in a horizontal position to clean underneath beds and furniture. Thanks to its flexible hose, a telescopic tube, and a crevice and dusting nozzle, it can also be used in areas above the floor. The brush height is easily adjustable for efficient vacuuming on different types of carpet.

### Improved air quality

TASKI jet 50 utilizes a modern five-stage filtration system consisting of a double filter paper dust bag, washable filter, exhaust air filter, and carbon brush filter. An optional HEPA filter is also available.

### Easy and ergonomic transportation

TASKI jet 50 is very operator friendly due to the robust and ergonomic handle, which is also height adjustable in two positions. The compact design, the light weight, and the ergonomically-designed carrying handle allows easy transportation from room to room and over steps or stairs.

**Diversey**<sup>TM</sup>**TASKI<sup>®</sup> jet 50****Technical data**

Working width	50 cm	Dimensions (L x W x H)	26 x 50 x 120 cm
Dust bag capacity	4 L, dry	Power cord length	10 m
Weight with cable	8.3 kg	Brush speed	4,500 rpm
Sound level	69 dB(A)	Brush adjustment	variable 1-10 mm

TASKI jet 50 Kit

D7516256ANZ

1 x Disposable paper dust bag, 1 x Dust brush nozzle, 1 x Crevice

**Accessories**

Radiator nozzle	D4080220
Dust brush nozzle	D4080230
Double filter paper bag (pack of 10)	D8502160
Fine filter motor protection (pack of 10)	D8503640
Fine filter exhaust suction unit (pack of 5)	D8505110
HEPA filter	D8505180
Jet 38 & 50 reusable cloth bag (ea)	D6136419

**Description of features**

**Convenient tool:** Conveniently attached to the machine, the crevice and dusting nozzle is in direct reach of the operator.

**Ergonomic handle:** The height-adjustable handle comes with handle protection and a telescopic tube with a one centimetre step adjustment that promotes a non-fatigue operation.

**Easy maintenance:** The brush can be changed without tools and a warning light indicates when the dust bag is full or the brush setting is incorrect.

**Robustness:** TASKI jet 50 vacuum cleaners are manufactured from high-impact resistant ABS for a long lifetime.
