

TASKI® swingo 1650 B

Large battery-powered automatic scrubber drier

Key features

- Increased working autonomy
- Excellent cleaning result and immediately dry floors
- Simplicity and ergonomic
- Easy maintenance

Increased working autonomy

The large 85-litre tank and the highly efficient IntelliFlow-system reduce water consumption significantly. Clean up to 2,500 m² without time consuming tank filling stops. Reduced energy consumption and high capacity batteries allow a run time of more than four hours before re-charging.

Excellent results and immediately dry floors

The brushes perfectly follow the floor profile, delivering ideal soil removal. Thanks to the w-shaped squeegee, the TASKI swingo 1650 B scrubber drier delivers a best-in-class drying result. The machine can be used at any time of the day, while reducing the potential risk of slip-fall accidents caused by wet floors.

Simplicity and ergonomics

With excellent ergonomics and simple, intuitive controls, the machine reduces operator fatigue and minimizes training.

Easy maintenance

All components needing frequent cleaning/maintenance are color-coded in yellow and can be easily removed within seconds. The machine's self explanatory dashboard promotes simple training and indicates maintenance intervals, ensuring the best results and extending the lifetime of the TASKI swingo 1650 B machine.

TM

TASKI® swingo 1650 B

Description			
Theoretical performance	2925 m ² /h	Dimensions (L x W x H)	154 x 69 x 118 cm
Working width	65 cm	Door pass through width (w/o squeegee)	70 cm
Squeegee width	95 cm	Brush system	2 x 33 cm
Solution tank	85 L	Brush pressure	0.32 N/cm ²
Recovery tank	85 L	Cleaning speed	4.5 km/h
Rated voltage	24 V	Maximum ramp	2.0 %
Nominal consumption	1,200 W	Sound level	62 dB(A)
Battery capacity (maximum)	180 Ah/C5	Protection class (BMS/non BMS)	II/III
Battery run time	over 4 hours	Approvals	CE/CB test certificate
Machine weight ready for use (including water)	330 kg		

Model	Article code
TASKI swingo 1650 B - Kit 4	D7515883ANZ-KIT4
4 x Battery traction 6V, 180Ah, 2 x standard scrubbing brush 33cm	
TASKI swingo 1650 B - Kit 5	D7515883ANZ-KIT5
4 x Battery traction 6V, 180Ah, 2 x Pad drive harpoon grip 33cm	
TASKI swingo 1650 B - Kit 6	D7515883ANZ-KIT6
4 x Battery traction 6V, 180Ah, 2 x standard scrubbing brush 33cm, 2 x Pad drive harpoon grip	

Accessories/Additional parts	Article code
Pad drive harpoon grip 33 cm (2 required)	D7515515
Scrubbing brush standard 33 cm (2 required)	D7515516
Scrubbing brush washed concrete 33 cm (2 required)	D7515517
Scrubbing brush abrasive 22 cm (2 required)	D7515518
Battery traction 6V, 175Ah	D7514962
TASKI IntelliDose 1650	D7516240
TASKI Intellipad - 13 inch (33cm)	D6093771

Description of features

BMS (Battery Management System): The battery charger is integrated in the machine. A monitoring system prevents deep discharging of the battery and controls the charging process.

IntelliFlow (Cleaning Solution Dosing): The IntelliFlow system allows for a speed-dependent supply of cleaning solution. This feature ensures that the amount of solution dosed onto the floor is always constant – no matter how fast the machine is operating. The result? No puddles in curves and turns as well as a significant saving in cleaning solution, leading to significantly increased productivity of the machine.
