Thanks to their handy size, our Turkish rolls are versatile enough to use as sandwiches, burgers and individual garlic breads. Each roll is light and airy with a consistent, open internal structure that supports even the trickiest sandwich fillings.

These delicious rolls offer a uniquely European style texture and flavour - so popular among diners! Get them asking for more.

- Authentic taste and texture
- Crusty and crunchy outside
- Light and airy inside
- Deliciously rustic looking, golden crust
- Par-baked and snap frozen
