# The Advantage – Bagless Back Pack Vacuum Cleaner

## Save money and time with bagless vacuuming

Eliminate the need to use, buy, clean or replace vacuum bags. Our patented bagless design gives you better airflow and stronger suction for faster vacuuming and stunning productivity.

## Dust & Germ-free air for cleaner environments

The additional protection for the user and the environment Antimicrobial Technology in the plastics, hose and motor filter, you eliminate nasty germs and odours from the air, leaving it clean and fresh.

## Consistent suction for faster, better cleaning

The Advantage's 3-tier, dual core, STAC® (Swirl Tube Axial Cycle) technology combined with a 900W motor gives you powerful and consistent suction picking up, up to 300% more dirt and dust in less time, giving you effective cleaning results.

## Accessories (optional)

Turbine Brush  
16019005

Crevice Tool  
16019002

Dusting Brush  
16019003

# The Advantage – Bagless Back Pack Vacuum Cleaner

## Easier, faster emptying

Twist the latch to detach the canister from the motor, and use our single button release to empty your vacuum with one hand. Just press the button above a bin and watch the dirt fall out without dust going everywhere.

## Maximum operator comfort

Built with both hard and soft, high rebound water resistant foam pads, contoured shoulder pads and an adjustable stretch belt, you get the highest levels of support and comfort over hours of use. Our swivel-neck, low profile EZ2GO floor tool is designed to pivot around hard-to-reach spaces to prevent discomfort for professional cleaners.

## Long life construction

Our design featuring 'crush proof' hoses, strong hydrophobic plastic construction and stainless steel wands means you get years of use out of your product—without rust, bacterial growth along with minimal depreciation.

## 2 year body & 3 year motor warranty

The Advantage has been designed and tested to minimise breakdowns. In addition, you also get 2 years warranty on materials and workmanship, and 3 years warranty on the motor—so you can have peace of mind and know that we'll be there for any support needs.
