INTRODUCING THE ITV ALFA RANGE

BLOODY MARY

# ALFA RANGE

## SELF-CONTAINED ICE CUBE MAKERS

- + ALFA Ice Makers produce pure, crystal clear ice cubes every time. Perfect for drinks, the pyramid shape cubes that cool quickly and melts slowly– suitable for bars, restaurants, pubs, night clubs and conference facilities. Range includes the MINI ALFA (NPD20 model only) and ALFA. Ice cubes fall individually into a collection bin, perfectly separated and with consistent size.
- + Alfa underbench ice makers are an efficient way to incorporate a ice cube maker into a commercial kitchen or bar, without taking up additional floor space. Underbench ice makers will slide under standard height commercial kitchen benches for easy access to ice when required.
- + The ITV patented unique flexible spray rubber nozzles reduce the buildup of limescale as the semi-elastic material moves every time a jet of water passes through it.
- + **DYNAMIC PRODUCTION** The water is constantly circulating and the ice gradually forms in thin layers, avoiding trapped gases and producing crystal clear ice cubes. Only the purest of ice cubes are produced.
- + Patented robust folding door with dampening system for long-life and durability.
- + **INSULATED STORAGE BIN** Storage bin with polyurethane foam insulation gives higher rigidity with lower heat transmission.
- + Front breathing ventilation.
- + **STRONG STAINLESS STEEL FRAME** The box-type frame with AISI 304 stainless steel pillars, permits servicing operations without disassembling the whole machine.
- + **SILENT RAIN:** All parts in contact with water have been designed to minimize their friction resulting in a very low noise level.
- + **EASY ACCESS TOP OPERATIONAL SWITCHES** Top cover can be removed for easy access to the electric board and the evaporator. Models are easy to programme, disassemble and service for minimal disruption.
- + Trusted SKOPE 2 Year Warranty Protection Plan.

MINI ALFA - 14-17cc / ALFA - 17- 21cc

**Dynamic Production**  
Crystal clear ice cubes

**Spray System**  
Flexible nozzle spray system

**Strong Stainless Steel Frame**

**Front Ventilation** - Front breathing for tighter spaces

**Silent Rain** - Helps reduce friction for a quieter operation

**EASI** - Easy Access for Service and Installation

**2 Year Warranty**

## ALFA RANGE I SPECIFICATIONS

	 ICE PRODUCTION PER 24 HRS	 STORAGE	 ICE CUBES PER CYCLE	 KWH PER 100 KG	 WATTS	 DIMENSIONS - MM	 NET WEIGHT
NDP20 A	24 KG	6kg / 400 cubes	18	27	340	350 w x 475 d x 595 h	32kg
NG30 A	30 KG	15kg / 882 cubes	24	24.6	425	405 w x 515 d x 750 h	40kg
NG45 A	45 KG	20kg / 1176 cubes	30	24	550	465 w x 595 d x 795 h	45kg
NG60 A	60 KG	25kg / 1471 cubes	45	19.7	650	535 w x 595 d x 795 h	58kg
NG80 A	80 KG	35kg / 2059 cubes	60	24.9	775	715 w x 595 d x 945 h	69kg

**NOTE** PRODUCTION AT 20°C ROOM TEMPERATURE, 15° WATER TEMPERATURE. OPERATING LIMITS: SUITABLE FOR HIGH TEMPERATURE ENVIRONMENTS TESTED TO 43°C AMBIENT AND 30°C WATER TEMPERATURE. WATER PRESSURE ICE MAKER: MIN. 10 PSI. (0.7 BAR.)/ MAX. 85 PSI. (6 BAR.). INSTALL A PRESSURE REDUCER IF WATER INLET PRESSURE IS MORE THAN 85 PSI. (6 BAR.). ALL MODELS ARE FINISHED IN STAINLESS STEEL. WATER INLET IS 3/4"-28MM. REFRIGERANT R404A. ALL DIMENSIONS EXCLUDE ADJUSTABLE LEGS (FROM 105MM - 155MM). AVERAGE DIMENSIONS OF ICE CUBES - MM - 39 W X 27 D X 30 H. POWER SUPPLY: 220-240 VOLTS A.C 50HZ, SINGLE PHASE SUPPLY. SUPPLIED WITH 10AMP 3- PIN PLUG.

INTRODUCING THE ITV SPIKA MS220 A

COLA

# SPIKA MS220 A

## MODULAR / STACKABLE ICE CUBE MAKERS

- + SPIKA Ice is made by running water over a freezing evaporator plate which is typically divided up into a grid. All of the purest water will freeze first and begin to form the ice. As the water is pumped back up and over the plate, the ice begins to grow until it is the appropriate size and is released from the evaporator plate.
- + SPIKA Ice is pure, transparent, crystalline ice, without hollows or ridges.
- + Energy efficient, modular Ice Makers designed to stand up to the quick pace of fast-food establishments.
- + SPIKA Ice is ideal for large consumptions of ice. Suitable for fast-food restaurants, hotels, and convenience stores, since it is typically a harder, long-lasting ice cube, ideal for cooling beverages quickly. Enjoy a cool drink in seconds.
- + SPIKA Ice offers a relatively high ice-to-water ratio, which means a solid piece of ice that won't water down drinks as quickly.
- + Add optional stacking kit for duplicating production in the same footprint.
- + SPIKA half dice is available as SKOPE stocked product. Speak to your local SKOPE representative for more information for full dice options. Price on application.
- + Trusted SKOPE 2 Year Warranty Protection Plan.

SPIKA HD - 6.5cc / SPIKA FD - 13cc

Vertical System -  
Vertical Evaporator System

New Water Distributor - Increases  
resistance against scale build up

Insulated Storage Bin - S220

Strong Stainless Steel Frame

Operating Limits - Suitable for  
high temperature environments

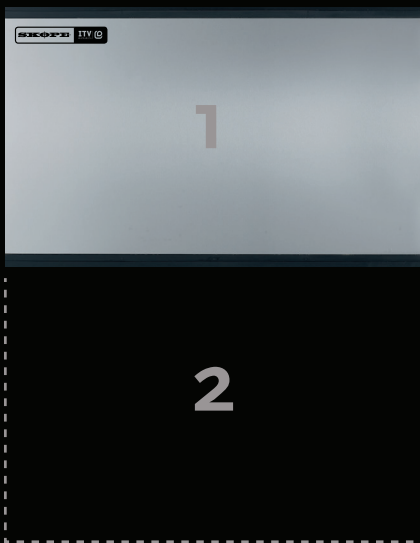

Energy Efficient - Reduce water  
and electricity consumption

EASI - Easy Access for  
Service and Installation

2 Year Warranty

STACKABLE UNIT

OPTIONAL S220 STORAGE BIN

## SPIKA MS220 A | SPECIFICATIONS

	 ICE PRODUCTION PER 24 HRS	 STORAGE	 ICE CUBES PER CYCLE	 KWH PER 100 KG	 WATTS	 DIMENSIONS MODULAR - MM	 NET WEIGHT
MS220 A	220 KG	Bins to suit	1" - 200 / 1/2" - 400	9.9	1200	762 w x 620 d x 500 h	85kg

**NOTE** PRODUCTION AT 20°C ROOM TEMPERATURE, 15°C WATER TEMPERATURE. POWER SUPPLY: 220-240 VOLTS A.C. 50HZ, SINGLE PHASE 15 AMP 3-PIN PLUG. ALL MODELS ARE FINISHED IN STAINLESS STEEL. WATER INLET IS 3/4"-28MM. REFRIGERANT R404A. AVERAGE DIMENSIONS OF ICE CUBES - MM - SPIKA HALF DICE, 26 W X 11 D X 23 H; SPIKA FULL DICE, 26 W X 23 D X 23 H. SKOPE ONLY STOCKS HALF DICE OPTION IN SPIKA STANDARD RANGE.

INTRODUCING THE ITV GALA MDP150 A

WHISKEY STRAIGHT UP

# GALA MDP150 A

## MODULAR / STACKABLE ICE CUBE MAKERS

- + The GALA Series produces the perfect, elegant gourmet cube every time. If you are going to add a small amount ice (one to three cubes is perfect with gourmet ice), it should be the cleanest, clearest, and purest ice you can find. Gala ice cubes will not alter the flavour, nor will it water down beverages excessively. Undisputedly the best ice for scotch and whiskey, the truncated cone shape makes them suitable for all types of glasses.
- + The ITV patented unique flexible spray rubber nozzles, reduces the buildup of limescale as the semi-elastic material moves every time a jet of water passes through it.
- + Designed to produce the perfect and elegant cube for excellence, the range of GALA Ice Makers incorporates all of the technological advances of ITV Ice Makers.
- + Accurately controls production, separate thermostats help regulate both the production time and the amount of ice stored.
- + Strong Stainless Steel Frame. The box-type frame with AISI 304 stainless steel pillars, permits servicing operations without disassembling the whole machine.
- + Add optional stacking kit for duplicating production in the same footprint.
- + Trusted SKOPE 2 Year Warranty Protection Plan.

GALA MDP150

OPTIONAL S220 STORAGE BIN

GALA - 23-30cc

**Dynamic Production**  
Crystal clear ice cubes

**Spray System**  
Flexible nozzle spray system

**Strong Stainless Steel Frame**

**Front Ventilation** - Front breathing for tighter spaces

**Silent Rain** - Helps reduce friction for a quieter operation

**EASI** - Easy Access for Service and Installation

2 Year **Warranty**

## GALA MDP150 A | SPECIFICATIONS

	 ICE PRODUCTION PER 24 HRS	 STORAGE	 ICE CUBES PER CYCLE	 KWH PER 100 KG	 WATTS	 DIMENSIONS MODULAR - MM	 NET WEIGHT
MDP150 A	145 KG	Bins to suit	84	20	1500	775 w x 805 d x 625 h	70kg

**NOTE** PRODUCTION AT 20°C ROOM TEMPERATURE, 15°C WATER TEMPERATURE. POWER SUPPLY: 220 – 240 VOLTS A.C. 50HZ, SINGLE PHASE. ALL MODELS ARE FINISHED IN STAINLESS STEEL. WATER INLET IS 3/4"-28MM. REFRIGERANT R404A. AVERAGE D OF ICE CUBES - MM - 40MM DIAMETER X 34MM H.
